Safety Bottle Jackets for 4 Liter Solvent Bottles:

Connecting with VapLock

Burdick & Jackson Safety Bottle Jacket

- The HandleLock® SolView® Bottle Jacket provides virtually unbreakable secondary containment for 4 liter solvent bottles
- Rugged polymer construction and convenient, easy lock mechanism
- Solvent labels and liquid levels are clearly visible through the bottle jacket
- Meets OSHA standard 29 CFR 1910-1450

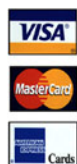

Cat. No.	Description
990003	Burdick & Jackson Safety Jacket for 4 Liter Solvent Bottles
9900031	Burdick & Jackson Safety Jacket for 4 Liter Solvent Bottles, 4/pkg

Nalgene® Safety Bottle Jacket

- Bottle jacket is manufactured of impact-resistant, low density polyethylene for improved safety and ease of handling
- Clear plastic lid permits identification of liquid levels and protects neck and bottle cap from damage
- Lid is removed with quick twist and the handle allows for easy removal

Cat. No.	Description
902688	Nalgene® Safety Jacket for 4 Liter Solvent Bottles
9026881	Nalgene® Safety Jacket for 4 Liter Solvent Bottles, 6/pkg
